Title:

Device and Procedure for Analyzing

Spectrophotometrique of Fluids

Customer No. 023907

SUPPLEMENTAL PRELIMINARY AMENDMENT

Assistant Commissioner for Patents Washington, D.C. 20231

Sir:

This is an amendment that is supplemental to the Preliminary Amendment filed on November 2, 2001 in the above-captioned patent application. Please amend claims 26-32 and 34 as follows:

- A device according to claim 25 wherein the second range of wavelengths corresponds to an ultra-violet and/or visible range of wavelengths.
- 27. A device according to claim 25, wherein the first light source and the second light source may have a joint emission spectrum with wavelengths ranging from 0.1 micrometers and 20 micrometers.
- 28. A device according to claim 25, comprising a probe to measure the conductivity of the fluid.
- 29. A device according to claim 25, comprising a mathematical processing means to process absorbance values given by the two spectrophotometers.
